Christine Neumann-Ortiz, Executive Director of Voces de la Frontera Action:

“Politicians don’t decide who wins an election, the people decide who wins an election. Trump’s pathetic efforts to stop the counting of votes is a desperate gasp of someone who refuses to commit to abiding to the results of an election because he sees he is clearly losing. Too much is at stake - the lives of many people - to not ensure that we are holding up the democratic process. All votes must be counted.”
