MADISON – Wisconsin Manufacturers & Commerce (WMC) President & CEO Kurt Bauer released the below statement following Gov. Evers new public health emergency order and extension of the statewide mask mandate:

“WMC has and continues to encourage the use of masks in confined spaces as a best practice recommended by the CDC and OSHA. However, WMC renews its yet unanswered request for the governor and DHS to clarify and amend the mask order in recognition that a one-size fits all approach doesn’t work for every Wisconsin business.”

In August, WMC sent a letter to Gov. Evers requesting clarification for the business community and suggested changes to the mask mandate. That letter can be read by clicking [here](#).
