**(WISCONSIN)** — In response to Donald Trump's upcoming visit to Wisconsin, Democratic Party of Wisconsin Chair Ben Wikler released the following statement:

“As COVID-19 spreads like wildfire through Wisconsin, Donald Trump is holding events with no social distancing, no mask wearing, and seemingly no precautions taken at all to keep the communities he is visiting safe. Local health care professionals and elected officials have implored Trump to do what is in the best interest of the health of their communities by postponing his events, but the President is continuing to put Wisconsinites at risk as he ignores common sense safety measures. Instead of holding super spreader events that endanger countless Wisconsinites, Trump should come deliver supplies to our hospitals and frontline workers desperately in need.”
