(WISCONSIN) — Ahead of Ivanka Trump's visit to Wisconsin, Democratic Party of Wisconsin spokesperson Philip Shulman released the following statement:

"Ivanka Trump's trip to Wisconsin is only going to remind Wisconsin voters that Trump completely failed to address the COVID-19 pandemic and his ineffectiveness has wreaked untold damage on Wisconsin's economy. Wisconsinites are appalled by Trump's continuous attempts to strip protections for people with pre-existing conditions and undermine the health care system in the midst of a pandemic. Across Wisconsin, voters are sick and tired of Trump's failures to lead, and — as early voting begins — are ready to send real leaders to the White House in Joe Biden and Kamala Harris."
