(WISCONSIN) — Ahead of Ivanka Trump's visit to Wisconsin, Democratic Party of Wisconsin spokesperson Tommy Kubitschek released the following statement:

"Ivanka Trump's visit to Wisconsin is just another reminder of the four years of broken promises from the Trump administration. Whether Trump's attacking people with pre-existing conditions or failing to deliver thousands of jobs through Foxconn, Wisconsinites are bearing the brunt of Trump's failures, including his failure to stand up to China on trade and coronavirus. As early voting begins, Wisconsinites are sending a clear message: they are tired of the lies and chaos, and ready for a Biden-Harris administration that will fight for working families and build back Wisconsin even stronger than before."
