(WISCONSIN) — Today, Democratic Party of Wisconsin Executive Director Nellie Sires released the following statement in response to the Women for Trump Bus Tour event taking place on the eve of the Democratic National Convention:

“If Trump wants to understand why Wisconsin women will be voting for Vice President Biden and Democrats up and down the ticket, he should watch our Convention. His failed response to the coronavirus — on top of four years of incompetence — have left women and families across our demanding new leadership, and his record of failure will be on full display for the entire country to see.”
