[Madison, WI] – Following tonight’s final presidential debate, the Republican Party of Wisconsin released the following statement from Chairman Andrew Hitt:

“Tonight President Trump made the case that he’s the best man to continue our Great American Comeback. President Trump’s leadership will keep our country prosperous and safe. A Joe Biden presidency would be devastating for our economy and would lead to higher taxes on hard-working Wisconsin families.

“Questions still remain over Joe Biden’s shady ties to the business dealings of his son. The media needs to do its job and get to the bottom of this before the election — and that starts with Joe Biden and Kamala Harris leaving the basement and taking questions from reporters.

“With just days left before the election, Wisconsin Republicans are full speed ahead on turning out voters for President Trump. From his work on our economy to his work confirming more conservative judges, the American people need four more years of President Trump.”
