[Madison, WI] - In response to the Democratic National Committee and the Democratic Party of Wisconsin's attempt to rig the April 7 election in their favor, the Republican Party of Wisconsin issued the following statement from Executive Director Mark Jefferson:

"Democrats are trying to hijack a national health crisis to rig an election in their favor. If they cared about accessibility at the polls, they'd join us in urging clerks across Wisconsin to allow early voting immediately, not just those in their communities of support. Instead, they insist on suspending common-sense rules in an effort to further rig the election."
