[Madison, WI] – In celebration of Black History Month, the Republican Party of Wisconsin issued the following statement from Gerard Randall, Chair of the Republican Party of Wisconsin African American Council:

“Each February, we pause and celebrate the numerous contributions that African Americans have made to the state of Wisconsin and the United States. The Republican Party and President Donald Trump continue to fight to drive down African American unemployment and advocate for more educational and economic opportunities for Americans across the board. During Black History Month, the Republican Party of Wisconsin will continue to celebrate members of the African American community who continue to play a role in shaping Wisconsin’s bright future.”
