[Madison, WI] – President Trump was in Wisconsin again tonight for a rally in Waukesha. Following the rally, the Republican Party of Wisconsin released the following statement from Chairman Andrew Hitt:

“President Trump has done more in his four years as president than Joe Biden did in 47 years as a Washington politician. Joe Biden loves to complain about everything wrong with this country but has very little to point to when it comes to what he’s ever accomplished to fix it. From fair trade deals to tax cuts, Donald Trump has gotten the job done for American workers.

“Wisconsin Republicans have knocked on millions of doors, made millions of phone calls, and have our ground game fully functioning to reelect our President. Visits like the one that President Trump is making tonight fire up his supporters and get everyone ready to finish strong as we head into the final week of the campaign.”
