[Madison, WI] – Vice President Mike Pence was in Wisconsin again on Tuesday. Following his remarks in Waukesha, the Republican Party of Wisconsin released the following statement from Chairman Andrew Hitt:

“Vice President Pence and the Trump Administration are working to get our economy back on track after this unprecedented pandemic. They’ve cut red tape, implemented policies that helped slash our unemployment rate, and fought for historic fair trade deals like the USMCA. This Administration puts Wisconsin workers first.

“In the Vice Presidential Debate last week, Kamala Harris told hard-working Wisconsin families that they should expect a tax increase if Joe Biden is elected — through repealing the Trump tax cut. Biden and Harris have pushed for extreme policies, like the Green New Deal, that would crush Wisconsin jobs. Harris even voted against the USCMA. Wisconsin workers would suffer under Joe Biden.”
