MADISON - Americans for Prosperity - Wisconsin (AFP-WI) today issued a statement following the release of the Maclver Institute's [study](#) on taxpayer savings stemming from Act 10's implementation following its ten-year anniversary.

AFP-WI State Director Eric Bott issued the following statement:

"Taxpayers across Wisconsin continue to reap benefits from Act 10 - now totaling nearly \$14 billion in savings since its implementation. These savings have allowed our state to invest in priorities and protect taxpayers from massive tax hikes. AFP-WI continues to support the transformative and necessary reforms that Act 10 implemented, and we urge state and local leaders to continue to utilize these important tools for years to come to continue providing savings to hardworking Wisconsinites."
