Statement By Wisconsin Natural Resources Board Member Sharon Adams Clarifying Aug. 11 Vote

MADISON, Wis. – Wisconsin Natural Resources Board member Sharon Adams released the following statement clarifying her Aug. 11 vote.

“Following a very lengthy discussion at the recent board meeting involving the November wolf hunting season, there were a series of amendments and motions offered. During that discussion, I voted for what at the time I believed was a substitute amendment and turned out to be a final motion,” Adams said. “I want to make it clear that I did not intend to vote for, nor do I support, a quota of 300 wolves for the upcoming November hunting season. I offer this statement today only for the purpose of clarifying the record.”
