Daytime lane and ramp closures are scheduled for the next two weeks on the Madison Beltline (US 12/18) between Whitney Way and John Nolen Drive in Dane County. The lane closures will occur from 9 a.m. to 2 p.m. Monday through Thursday each week (Nov. 1-5 and Nov. 8-12).

In addition, daytime ramp closures may occur Monday through Thursday for the Fish Hatchery Road and Todd Drive ramps to the westbound Beltline as well as the Todd Drive ramp to the eastbound Beltline. Message boards on those ramps will indicate the exact dates and times of the closures.

Delays are anticipated on the Beltline and drivers should plan extra time when traveling through the area. Motorists are also urged to pay attention and slow down in the work zone.

Crews will continue Beltline median construction as part of the Flex Lane project. The daily lane and ramp closures, and work operations are weather dependent and subject to change.
