Construction work is underway along US 14 between Oregon and Madison in Dane County. US 14 remains open to at least one lane of traffic in each direction using crossovers. Motorists are urged to anticipate construction activities in the area and reduced speeds in the work zone.

Starting Monday (June 7), the Lacy Road ramp to US 14 westbound (northbound) in Fitchburg will be closed until late October 2021. Drivers must use alternate local routes, such as the McCoy Road on ramp to US 14 westbound. Temporary traffic signals are in place at the County MM and McCoy Road intersection to mitigate traffic backups in the area. The County MM ramp to US 14 westbound is expected to reopen on Saturday (June 5).

The US 14 project is scheduled for completion in November 2021. Information on this project can be found at projects.511wi.gov/us14bridges-danecounty/.
