The Wisconsin Department of Transportation (WisDOT) is seeking public input on improvements along WIS 73, in the village of Marshall from WIS 19 to the North Marshall Village limit, in Dane County. Construction is currently scheduled for 2025.

A narrated presentation and materials detailing the WIS 73 project are available to view on the project website at wisconsindot.gov/Pages/projects/by-region/sw/wis73/default.aspx. Otherwise you can visit wisconsindot.gov and search "WIS 73 (WIS 19 to North Village Limits)" and select the first link.

In addition to replacing the WIS 73 pavement, upgrading curb ramps to meet ADA compliance and new pavement markings, the project will work on the bridge over the Mauneshia River:

- Install new concrete approach slabs and repair curbs;
- Spot surface repair on the abutments; and
- Paint the bridge railing.

WIS 73 through traffic is anticipated to be detoured via WIS 19 and WIS 89 during construction. WIS 73 will remain open to local residences and businesses.

All persons interested in the project are encouraged to view the website and provide input by contacting project staff via email, postal mail, or phone. Your comments will assist us in developing a project that will serve the needs of the traveling public and community. Your input is welcome and appreciated throughout the design process. Questions and comments can be directed to WisDOT Project

Manager Steve Porter at Steve.Porter@dot.wi.gov, (608) 243-3366, or mailed to the WisDOT Southwest Region, 2101 Wright St, Madison, WI 53704.
