This week, local news outlets across the country continued to report on the many benefits of President Biden's Bipartisan Infrastructure Law, including repairing and rebuilding the nation's roads, bridges, and airports, replacing lead pipes and service lines, improving access to affordable, high-speed internet, strengthening resilience to climate change, creating good-paying, union jobs and so much more. From Utah to Indiana to North Carolina and everywhere in between, folks across the country are continuing to read about how President Biden's Bipartisan Infrastructure Law is set to tackle our most urgent infrastructure needs:

## ***In the Midwest:***
