Construction is expected to begin Monday, April 19 on US 14/Commercial Street, between Walter Road and County KP, in Mazomanie. The project will address deteriorating pavement conditions and substandard pedestrian accommodations. Additional improvements include storm sewer, grading, aggregate, curb and gutter, asphalt pavement, street lighting, sidewalk, and traffic signals at the US 14 and Brodhead Street intersection.

US 14 will remain open to traffic with access maintained to businesses and residential driveways. In June, US 14 will be closed for three weeks as crews install storm sewer pipes under the highway near County KP. During that closure, all traffic will be detoured via WIS 60, US 12 and WIS 78. Pedestrian access will be maintained at the US 14 and Brodhead Street intersection during construction.

Motorists are urged to slow down, eliminate distractions and watch for crews and equipment working near the travel lanes. The \$3.2 million project is scheduled to be completed in late September 2021.
