MILWAUKEE— Sachin Chheda, director at the Fair Elections Project, issued the following statement in response to the final PMC legislative maps released Tuesday morning:

“We are glad the People’s Maps Commission went through this extremely transparent process and took into account the views of thousands of Wisconsinites. **These maps stand in stark comparison to the secretly-drawn, extremely-rigged maps introduced by the legislative majority last week** — which will inevitably be vetoed by the Governor.

“We are sure the litigation process will consider all the options and we will continue to demand the final result be a map that fairly and accurately reflects the will of Wisconsin voters – our democracy demands no less.”
