

House Majority Forward ad praises Kind for supporting COVID-19 bill

House Majority Forward, a PAC that backs Dems, is up with a new TV ad praising U.S. Rep. Ron Kind, D-La Crosse, for “breaking through Washington gridlock to get Wisconsin back on track” with the COVID-19 relief bill.

The group said it’s part of a \$1.4 million buy across nine congressional districts.

The Kind ad says the La Crosse Dem has been “relentless” in supporting direct assistance for working families, community-based vaccinations, reopening schools safely, and getting relief for small businesses and workers.

“Ron Kind, doing what it takes to get Wisconsin moving again,” the narrator says.
