MONDAY: Sarah Godlewski to Visit Racine Small Businesses

Sarah continues to build a grassroots campaign all across Wisconsin to beat Ron Johnson

On Monday, State Treasurer and candidate for U.S. Senate Sarah Godlewski will visit local small businesses to discuss the kitchen table issues that matter most to workers and families across Wisconsin.

Sarah continues to build a grassroots campaign that can compete all across Wisconsin and beat Ron Johnson – especially in places like Racine County where other Democrats have struggled. In the 2018 election, Sarah outperformed nearly every statewide Democrat in Racine County, earning more votes than Governor Evers, LG Barnes, and AG Kaul.

As State Treasurer, Sarah has helped provide the Racine area over \$12 million in economic support, from a public-private hotel redevelopment in historic downtown Racine to financing a fire truck in Burlington.
