Milwaukee, WI - November 16, 2021 – Lindner & Marsack, S.C., one of the region's most respected and long-standing management-side labor, employment and worker's compensation defense firms, today announced four attorneys acknowledged by *Super Lawyers* magazine. Honorees include Douglas Feldman, Gary Marsack, Daniel Pedriana and Oyvind Wistrom. Feldman and Wistrom were also named as Best Lawyers by *U.S. News & World Report*, along with Daniel Finerty and Jonathan Swain.

“While this recognition rightly highlights the accomplishments of several individual attorneys, it also is a testament to the dedication and quality of work provided by our entire team as we help employers in Wisconsin and across the country minimize risks and navigate their toughest legal challenges,” said Wistrom, President of Lindner & Marsack.

Super Lawyers is a rating service of outstanding lawyers from more than 70 practice areas who have attained a high degree of peer recognition and professional achievement. Attorneys are selected using a rigorous, multi-phase rating process in which peer nominations and evaluations are combined with third party research. The objective of the program is to create a credible, comprehensive, and diverse listing of outstanding attorneys that can be used as a resource for attorneys and consumers searching for legal counsel.

Similarly, Best Lawyers rankings are based on a rigorous process that includes the

collection of client and lawyer evaluations, peer review from leading attorneys in their field, and review of additional information provided by law firms as part of the formal submission process.

“First and foremost, we do what we do to advance the interests and success of our clients,” concluded Wistrom. “That said, it’s still an honor to see that work acknowledged and honored with the recognition of our peers and these industry-leading publications.”
