The Republican Party of Manitowoc County supports a Cyber Forensic Audit of the November 2020 election.

We do not want people in our county, or anywhere in this state, for that matter, to lose faith in our election process....Republicans, Democrats and Independents should all feel that their votes count, beyond any doubt.

We commend the continued courage of Rep. Janel Brandtjen, and Rep. Ramthun for their work and support for a full cyber forensic audit, indeed a Cyber Forensic Audit like the one conducted in Maricopa County, AZ

We recognize that other audits are in process, but because we want to make sure that every possible way is used to establish faith again in our election process, we encourage our legislators to move forward with Full Forensic Cyber Audit.

Sincerely,

Don W. Zimmer

Chairman, Republican Party of Manitowoc County
