Madison... Today, Senate Majority Leader Devin LeMahieu (R-Oostburg) and Assembly Speaker Robin Vos (R-Rochester) issued a statement on Governor Tony Evers’ new maps submitted to Wisconsin Supreme Court as part of the case involving the redistricting process in Wisconsin (*Johnson v. Wisconsin Elections Commission*).

“Bipartisan supermajorities rejected the governor’s People’s Maps Commission (PMC) maps, the PMC failed. Now Governor Evers has abandoned his campaign rhetoric promising for independently-drawn maps to rapidly and secretly draw his own rigged maps without public input. The hypocrisy of the governor is impossible to ignore.”
