FOX CITIES—Representative Rachael Cabral-Guevara (R-Fox Crossing) and Representative Lee Snodgrass (D-Appleton) are hosting a “Both Sides Budget Conversation” at 10:00 AM on Saturday, April 17th at the Fox Crossing Municipal Complex.

The town hall, described by their offices “as an opportunity to demonstrate how two representatives from opposite sides of many issues can respectfully engage and listen to constituents with divergent views on budget priorities,” will be an opportunity for community members to share their budget priorities with the two representatives.

Participants will be held to standards of respectful engagement with the representatives and other community members. Attendees are asked to wear masks and practice social distancing due to health protocols at the complex.

Representative Snodgrass commented, “I look forward to working together with my colleague across the aisle in finding common ground on budget priorities and hearing a wide range of views from our diverse constituency. Democracy is about coming together and engaging in the process. Good government is rarely one-sided.”

Representative Cabral-Guevara commented, “I am excited to gain insight from the district to better understand their perspective on this upcoming budget. At the end of the day, it’s not about what I want, it’s about reflecting the priorities of the district I represent. This is an opportunity to hear a wide range of different viewpoints, regardless of whether we agree with them or not.”

Both representatives are looking forward to a productive listening session.
