**NEENAH, Wis.** – ThedaCare is releasing information about additional testing sites and dates to ensure access to COVID-19 testing in Northeast and Central Wisconsin. Testing will be coordinated through mobile testing units, and the site at ThedaCare Physicians-Neenah.

To best manage community spread of COVID-19, testing and contact tracing are critical. Testing gives health systems insight to the breadth and depth of those infected in our communities, and help us better understand the spread of the virus.

Testing at mobile sites and ThedaCare Physicians-Neenah (333 N. Green Bay Rd. Neenah) will be offered from 9:00 a.m. to 5:00 p.m. unless otherwise noted on the following dates:

## **January 18**

- ThedaCare Physicians-Neenah
- Neuroscience Group Field at Fox Cities Stadium (2400 N. Casaloma Dr., Appleton, WI 54913)

## **January 19**

- ThedaCare Physicians-Neenah
- Berlin VFW Post 2925 (420 N. Wisconsin St. Berlin, WI 54923)
- Gresham High School Parking Lot – Community Testing (501 Schabow St. Gresham, WI 54128) 2:10pm – 5pm

## **January 20**

- ThedaCare Physicians-Neenah
- Chilton High School (530 W Main St. Chilton, WI 53014)
- Green Lake American Legion Post 306 (518 Water St. Green Lake, WI 54941)

**January 21**

- ThedaCare Physicians-Neenah
- ThedaCare Physicians-Wautoma
- Christ The Rock Community Church (W6254 US-10 #114 Menasha, WI 54952)

**January 22**

- ThedaCare Physicians-Neenah
- ThedaCare Medical Center-New London
- ThedaCare Medical Center-Waupaca

The drive-through testing is free and is available to all community members experiencing symptoms, those who believe they may have been exposed to someone with COVID-19 and anyone who is worried about possibly having the virus. Though appointments are not required, they are recommended; individuals can pre-register online at [doineedacovid19test.com](https://doineedacovid19test.com) or register onsite. You do not need to be a ThedaCare patient to receive a test. Those seeking testing do not need to be a resident of the community where these testing sites are located. Individuals under 18 years old must have a parent or legal guardian present to consent to testing. Results will be given online, or through a phone call if necessary.

For those unsure about their symptoms and want more information about whether or not they should seek testing, they can access the ThedaCare online symptom checker at [ThedaCareCovid19.org](https://ThedaCareCovid19.org). After completing a brief questionnaire about their symptoms, individuals will be given more information about next steps to take, including how to schedule a test. The site also includes information about COVID-19, testing, online care options and other important news and updates.
