WASHINGTON, DC – U.S. Congressman Scott Fitzgerald (WI-05) made the following statement after voting against impeachment:

“It is ridiculous and irresponsible for Speaker Pelosi to rush an impeachment through the House of Representatives without the results of an investigation or substantive congressional debate on the issue. If the Speaker was truly interested in healing the divisions in our country, then she would not be calling for this drastic and unprecedented action. The Speaker has turned this process into political theater that will not help the nation move forward. The American people deserve better.”
