“I would like to reassure all of my colleagues, constituents, and the people who work within the Capitol complex that I have complied with all doctor and CDC guidelines following my COVID-19 diagnosis and isolation, and that I am COVID-recovered and safe to work and vote on behalf of the people of the Fourth Congressional District of Wisconsin. While I quarantined immediately upon exposure on December 22nd and tested positive the next day, I have been diligent in working with doctors to put my health and public health first.

I appreciate the many calls and prayers that have been so uplifting.”
