WASHINGTON, DC – Today, Rep. Tom Tiffany (WI-07) released the following statement in response to President Biden's Joint Address to Congress.

“Candidate Biden promised ‘unity,’ but President Biden spent the first 100 days of his term pursuing a radical agenda – intentionally fueling an illegal immigration crisis on our southern border, fanning the flames of racial division and demonizing law enforcement, making America less safe and more divided.”

“Candidate Biden promised to ‘Build Back Better,’ but President Biden's first acts were to cancel the Keystone XL pipeline and strangle American energy development on public land – killing jobs while Americans face soaring gas prices.”

“Candidate Biden promised ‘bipartisanship,’ but President Biden and Speaker Pelosi have approved trillions in new spending, burying future generations of Americans under a growing mountain of debt – with little debate and even less input from Republicans.”

“In short, the last 100 days have demonstrated that Americans were the victims of a bait-and-switch in November. And tonight's speech demonstrated that – with no checks and balances on their one-party rule – President Biden and the rubber-stamp Democrat Congress have no intention to seek ‘unity,’ and every intention to double down on a big-spending ‘America Last’ agenda.”
