

# Wisconsin Infrastructure Investment Now: Understanding the economic impact of solar energy in Wisconsin

Posted on Tuesday, Nov 9, 2021

This timely webinar will feature a panel discussion led by moderator Steve Walters examining a new Forward Analytics study [Capturing the Sun](#): The Economic Benefits of Using Local Workers on Wisconsin Solar Projects. The study analyzes the economic benefit of using local workers to construct the 2.5 GW of utility-scale solar farms planned for rural Wisconsin.

## FEATURED SPEAKERS

- Dale Knapp, Director, Forward Analytics
- Mark Meyer, Principal Consultant, Meyer Consulting, LLC
- Robb Kahl, Executive Director, Wisconsin Infrastructure Investment Now, Inc.

## MODERATOR

Steve Walters, Former Wisconsin Eye Senior Producer & Capitol Correspondent
