Democratic Party of Wisconsin Statement on Ron Johnson's Vote Against the Bipartisan US Innovation and Competition Act

Madison, Wis. — Today, following Ron Johnson's vote against the U.S. Innovation and Competition Act, Democratic Party of Wisconsin Chair Ben Wikler released the following statement:

"When given a choice between standing up for Wisconsin workers or pushing his own political agenda, Ron Johnson picked himself. Despite this legislation bolstering the state's manufacturing, workers' education, expanding 5G broadband, and holding China accountable for their unfair economic and cybersecurity practices, Johnson voted against it and against what's best for the Badger state, which is why Wisconsin will vote against him in 2022."
