Green Bay, WI—September 16, 2021— We are pleased to announce that the Neville Public Museum is a 2021 grant recipient of the Women's Fund of Greater Green Bay Community Foundation!

The grant will fund the exhibition and public programming for "HerStory" opening in February of 2022. The "HerStory" exhibit will feature the roles of women at work, in politics, and in their communities demonstrating drastic change through time over the last 100 years.

The Women's Fund endowment provides grants to local nonprofit organizations offering programs and services supporting leadership and self-esteem initiatives for women and girls. Programs for boys and men relating to healthy relationships supporting women and girls are also encouraged to apply.

Since 1998, the Women's Fund of Greater Green Bay has granted more than \$1,054,000 to more than 100 initiatives. Grants from this fund make an impact every day by supporting thousands of women and girls in our community!

Sincere thanks to community members, the volunteer committee of the Women's Fund Advisory Board, and the Board of Directors of the Greater Green Bay

Community Foundation.
