Madison, WI - Wisconsin Technical College System (WTCS) President Dr. Morna K. Foy issued the following statement on Joint Finance action on the 2021-23 biennial budget:

"Yesterday's action by the Legislature's Joint Committee on Finance, investing \$9 million in new funding in the System over the next two years, was an important endorsement of the WTCS Board's strategic directions."

"Legislators' confidence in our System was evident in their expressions of appreciation for how Wisconsin's technical colleges responded to the pandemic, and how they continue to adapt to rapid changes in the workplace and in the state's higher education landscape."
