MADISON, Wis. – Cedar Wedge Farm in Bonduel, Wis., is issuing a voluntary recall of bacon produced for individuals and sold from its retail store. The recall includes the following:

- Smoked bacon, vacuum sealed in approximately 1-lb. packages. Product is marked with a packaging date between August 5 and August 29, 2022, and includes a mark of inspection with plant No. 593.

This is a Class I recall, initiated based on evidence collected during a routine inspection by state inspectors. Evidence shows that the product was produced without the benefit of inspection. More information on the U.S. Department of Agriculture recall classifications is available below and on USDA's website at <https://www.fsis.usda.gov>.

No illnesses have been reported as a result of consuming this product. Anyone with signs or symptoms of a foodborne illness should contact their doctor. Consumers who have any of this product should discard it. Consumers and media with questions about this recall can contact Marvin Beachy, Cedar Wedge Farm, at (715) 758-2166.

USDA Recall Classifications

Class I	This is a health hazard situation where there is a reasonable probability that the use of the product will cause serious, adverse health consequences or death.
Class II	This is a health hazard situation where there is a remote probability of adverse health consequences from the use of the product.

Class III	This is a situation where the use of the product will not cause adverse health consequences.
