As Tim Michels tries to deceive working-class Wisconsinites into thinking he has anything in common with them, the DGA is launching [a new video](#) exposing him as an out-of-touch, out-of-state multi-millionaire.

The video highlights Michels' \$17 million mega-mansion in Connecticut, \$8.7 million Manhattan penthouse, and his former \$2.8 million beachfront Florida condo.

“While Tim Michels plays a political game of pretending he understands blue-collar Wisconsinites, we’re holding him accountable for the multiple millions of dollars worth of properties, boats, and cars he owns in other states,” said DGA Senior Communications Advisor Christina Amestoy. **“Wisconsin needs a leader who understands the issues working-class families face, not one who seems to be busy constructing a tennis court at his Connecticut mansion.”**
