The Wisconsin Department of Agriculture, Trade and Consumer Protection continues to work toward depopulation at the [HPAI-positive poultry farm in Jefferson County](#). Poultry premises within 10 kilometers of the farm are being monitored for the virus and are restricted from moving poultry and poultry products.

Additionally, DATCP has [issued a special order](#) immediately banning poultry from any movement to, or participation in, shows, exhibitions, and swap meets held in Jefferson County. The order will remain in effect through May 31, 2022.
