Lane closures are underway on Interstate 39/90/94 between the Dane County V interchange (Exit 126) near DeForest and the WIS 60 interchange (Exit 119) west of Arlington. The lane closures will be continuous in each direction during the next two weeks (Feb. 28 - March 4 and March 7-11). Highway crews will complete pavement scans within these limits prior to construction work this summer.

Some delays are expected on the interstate north of DeForest. Motorists are urged to be alert for crews and equipment near the travel lanes, and plan ahead and allow extra time to safely reach their destination.

The work operations and lane closures are weather dependent and subject to change.
