Congratulations and thank you to Robin Vos, Speaker of the Wisconsin State Assembly, and State Assemblywoman Janel Brandtjen, Chair of the Committee on Campaigns and Elections, for standing by highly respected Justice Michael Gableman on the incredible findings just announced on Election Fraud in the great State of Wisconsin. I feel confident that Robin will exercise his moral duty to follow up on Justice Gableman's findings. In addition to announcing that they will stay in session and take action to get rid of ERIC and the WEC, which have done some very bad things and made review very difficult (as also noted by the Legislative Audit Bureau), based on the Gableman report, I would imagine that there can only be a Decertification of Electors. This is one of the biggest stories of our generation, even though the Fake News Media will try to play it down as much as they can.

Also, this past October the Racine County Sheriff, Christopher Schmaling, referred felony criminal charges against five of the six members of the Wisconsin Election Commission ("WEC") for their scheme to violate Wisconsin law and allow illegal vote harvesting in nursing homes. The Sheriff stated that the governing "election statute was in fact not just broken but shattered" in all 72 counties across Wisconsin. Read the full story [here](#).

Numerous other states are likewise finding large scale Election Fraud and irregularities. Interesting time!
