MADISON, Wis. — Today, Governor Tony Evers' campaign launched two news ads highlighting Tim Michels' radical agenda on abortion and how his company has been sued multiple times over claims of sexual harassment and racial discrimination. Tim Michels wants to ban abortion with no exceptions for rape, incest, or the health of the mother.

Tim Michels is radical and wrong for our state — and Wisconsinites know he can't be trusted. While Republicans are trying to divide us with their radical politics, Gov. Evers will always do the right thing for our state.
