Middleton – State Senator Agard today announced her endorsement of State Representative Dianne Hesselbein for the 27th Senate District:

“I have known Dianne since we were in high school. She has always had a strong character and true commitment to making life better for our community. When we served on the Dane County Board together I witnessed her tenacity as we pushed for workers rights, protection of our natural resources, and good governance. Throughout that journey, we became fast friends and were both elected to the State Assembly in 2012. As a colleague in the state legislature, I know how hard she works to represent the people in her district. Dianne is a skilled legislator with a heart of gold. I’m proud to support her campaign, and look forward to standing alongside her in the State Senate.”
