[Waukesha, WI] – Tony Evers and Wisconsin Democrats will hold a press conference on Wednesday to highlight their extreme position on abortion. Rebecca Kleefisch released the following statement on their radical abortion agenda:

“Tony Evers is pushing his radical anti-feminist, anti-baby agenda by not enforcing Wisconsin’s laws on the books. Evers advocated for [abortion on demand](#) without exceptions, blocked bills that would have stopped killing unborn babies based on their gender or disability, and wouldn’t require medical attention for a baby who survived a botched abortion. As governor, I will proudly uphold Wisconsin’s laws and protect life.”
