Milwaukee — Alex Lasry released the following statement today following Ron Johnson’s admission of guilt in playing a role in the seditious conspiracy to overthrow the government:

“Seditious traitor Ron Johnson admitted there was an attempt to overthrow the government, and he ‘played’ a role. We must take this for what it truly is, an admission of guilt.

“Today, Ron Johnson’s own words prove he is a seditious traitor. He has spent his entire political career undermining our democracy and disparaging our electoral system.

“Ron Johnson ‘played’ a role in this seditious act, and the best way we can hold him accountable is by voting him out this November—which is exactly what Wisconsin voters are going to do.”
