West Bend City Administrator Jay Shambeau was appointed to the League of Wisconsin Municipalities Board of Directors bringing his 30 years of experience in local government to the statewide governing body. The League is comprised of more than 600 members, representing both large and small cities and villages in rural and urban Wisconsin.

“The League of WI Municipalities staff and organization are a respected and trusted resource for elected and appointed municipal officials throughout the state,” said Shambeau. “I am honored to be appointed and excited to give back to the League that provides such value to local government.”

In 2022-23 the League’s 16-member Board will be working to set the strategic direction for the League at a critical time in the organization’s history. Cities and villages are facing challenging circumstances due to a broken system of funding local government. Wisconsin municipalities of all sizes face a critical need to provide vital services, including EMS, police and fire services, to their community.
