The Bureau announces the release of State Retiree Health Insurance Reporting for the State of Wisconsin ([report 22-10](#)).

The State Retiree Health Insurance program, which is one of the other postemployment benefits (OPEB) programs offered by the State of Wisconsin to eligible retirees, is administered by the Department of Employee Trust Funds (ETF). The Department of Administration (DOA) is responsible for preparing the financial statements of the State of Wisconsin, including calculating the total OPEB liability for the program. DOA reported a total OPEB liability of \$712.9 million as of June 30, 2021. DOA also prepares the employer schedules and notes for the program. We provided unmodified opinions on the employer schedules and related notes of the program as of and for the year ended June 30, 2021.
