WEST ALLIS, Wisc. - The Michels for Governor campaign released the following statement in response to the release of today's Marquette Law poll:

"Tony Evers is in trouble. Tim Michels was at zero percent in the polls in April and has been underestimated ever since. But we're building the campaign that grows every day. You need to look no further than the tens of millions in out-of-state special interest money flooding in to prop up Tony Evers to know everyone realizes Wisconsin is on the wrong track."
