MILWAUKEE - Milwaukee Enrollment Services (MiLES) opened a new location at 6055 North 64th Street. The new location will serve Milwaukee County residents who participate in state benefit programs. County Supervisor Priscilla E. Coggs-Jones made the following statement.

“Milwaukee Enrollment Services has a new location that is now located at 6055 North 64th Street. I’d like to encourage residents to use the proper website to access information about their health care options,” said Supervisor Coggs-Jones “Make sure to use the official DHS website which gives the most accurate up to date information about locations where state benefits can be accessed. In that vein, I would also like to take the opportunity to encourage local health blogs, and major websites such as Google to ensure that they have the most up to date information about these locations as well. Searching for a location for care and finding outdated information leaves residents of Milwaukee County feeling defeated before they even begin the process of applying for services through MiLES”.”

MiLES also offers walk-in services at the United Migrant Opportunity Services (UMOS) location, 2701 South Chase Avenue. Both locations have a “no wrong door” policy, meaning Milwaukee County residents can walk into either site to get the help they need.

The most up to date information on ForwardHealth: Milwaukee Enrollment Services is found at <https://www.dhs.wisconsin.gov/dms/miles.htm>.

In addition to the walk-in and self-service locations, members can also continue to manage their benefits or sign up for new services online via access.wisconsin.gov, or on their smartphone, via the MyAccess Wisconsin app.

Additional questions about the program can also be answered via telephone by calling the Miles Call Center at 1-888-947-6583.
