Washington, D.C. – A [new AARP poll](#) is out in Wisconsin and Senator Ron Johnson is leading dangerous Democrat Mandela Barnes by 5 points.

And it should come as no surprise that Barnes' favorability is at -7.

This comes on the heels of a [bad news cycle](#) for Barnes. All his truths are finally coming to light: His [radical tweets](#) have been revealed, he [lied](#) about having any active duty law enforcement officer endorsements, an [investigation](#) into his travel just emerged, and the list goes on.

Statement from NRSC Spokeswoman Lizzie Litzow: “This will be a rough 40 days for Bad News Barnes. His past – such as his soft-on-crime record – continues to haunt him with no end in sight.”
