

NRCC ad hits Pfaff over backing tax hikes

Posted on Tuesday, Oct 18, 2022

The NRCC launched a new TV ad hitting 3rd CD Dem candidate Brad Pfaff for supporting tax hikes.

The National Republican Congressional Committee says it has \$1.2 million reserved on TV from now through Election Day. The new ad will run on broadcast in the La Crosse and Wausau markets.

The narrator opens the spot saying some things make you wonder, “What the Pfaff?” The screen shows the state senator’s last name spelled “PF***?!”

The narrator says Pfaff voted to raise taxes after promising not to, praised another billion in tax hikes on Wisconsin families and supported trillions in “big government spending, creating record inflation.”
