Washington, D.C. – Mandela Barnes is the Democrat candidate for Wisconsin's U.S. Senate seat and is far too liberal and out of touch with Wisconsinites for it. To prove it, we will show you just how the Badger State would look under the Barnes Brigade.

Under the Barnes Brigade, the Democrats' liberal agenda would be forced on Wisconsinites. Barnes [supports eliminating the filibuster](#) so this can happen – force the Dems' radical agenda on Americans, which includes but is not limited to the [Green New Deal](#) and [Medicare-for-all](#). If the filibuster were to be eliminated, the Democrats' wish list would be pushed through Congress with no stopping them and the Barnes Brigade would help lead the charge.

Statement from NRSC Spokeswoman Lizzie Litzow: “Mandela Barnes will always cave to the far Left. He supports the elimination of the filibuster so he can help D.C. Democrats pass a radical agenda to hurt hard-working American families. Voters are [rejecting](#) the Democrats' agenda so Democrat candidates want to change the rules to ram their policies through anyway. But Wisconsinites will reject Barnes at the ballot box in November just like they are rejecting his liberal policies.”
