Appleton, WI – The Roger Roth for Lieutenant Governor campaign announced today that it raised \$150,000 in the first month of the campaign, bringing total cash on hand to over \$500,000.

“Since announcing my run for Lieutenant Governor a little over a month ago the outpouring of support has been humbling. From every corner of our state, Republicans are uniting to defeat Tony Evers. The disastrous policies pushed by Democrats are hurting everyday Wisconsinites. Whether it’s pain at the pump, skyrocketing grocery bills, or our education system more focused on indoctrination instead of teaching our children how to read and succeed, voters are demanding a new and better way forward.”

Roger Roth is a husband and father to five boys, a Captain and 17-year member of the WI Air National Guard and a residential homebuilder in the Fox Valley.
